Dated November 1, 1963

Dear Sir:

Pursuant to the above Memo, attached are the required Form C-110 covering the Featherstone #1 Federal "A", #6 State, and the #7 State. It will be appreciated if you will process these Forms and send one approved copy to the purchaser. In each case, the purchaser is also the transporter.

Copies of previously approved Forms C-110 covering other wells operated by Olen F. Featherstone have been sent to the purchaser in accordance with the above Memo. If there are any further requirements regarding the transport or purchase of oil and gas with which we should comply, please advise.

Very truly yours,
