

July 25, 1958

Kersey & Company
P. O. Box 305
Artesia, New Mexico

Dear Sir:

On June 23, 1958, you filed form C-110's, Change of Oil Transporter, from Artesia P. L. Co. to Malco Rfg. Inc. P. L. Div. on the following wells:

- #1 Hanson State NW SE Sec. 3-18S-28E.
- #2 Hanson State SE NE Sec. 3-18S-28E.
- #3 Hanson State NE NE Sec. 3-18S-28E.
- #4 Hanson State NW NW Sec. 2-18S-28E.

Our files show Ernest A. Hanson as operator for these wells. Please submit form C-110 showing a change of ownership from Ernest A. Hanson to Kersey & Company.

Yours very truly,

OIL CONSERVATION COMMISSION

M. L. Armstrong,
Supervisor, District No. 2

MLA/jn

THEORY

Let $f(x)$ be a function of x defined on the interval $[a, b]$. Then the definite integral of $f(x)$ from a to b is denoted by

$$\int_a^b f(x) dx$$

and is defined as the limit of the sum of the areas of the rectangles in the Riemann sum as the number of rectangles increases and the width of each rectangle approaches zero.

Let $f(x)$ be a function of x defined on the interval $[a, b]$. Then the definite integral of $f(x)$ from a to b is denoted by
