SUNDRY NOTICES AND REPORTS ON WELLS

NOTICE OF INTENTION TO DRILL	SUBSEQUENT REPORT OF WATER SHUT-OFF
NOTICE OF INTENTION TO CHANGE PLANS	SUBSEQUENT REPORT OF SHOOTING OR ACIDIZING
NOTICE OF INTENTION TO TEST WATER SHUT-OFF	SUBSEQUENT REPORT OF ALTERING CASING
NOTICE OF INTENTION TO RE-DRILL OR REPAIR WELL	SUBSEQUENT REPORT OF RE-DRILLING OR REPAIR
NOTICE OF INTENTION TO SHOOT OR ACIDIZE	SUBSEQUENT REPORT OF ABANDONMENT
NOTICE OF INTENTION TO PULL OR ALTER CASING	SUPPLEMENTARY WELL HISTORY
NOTICE OF INTENTION TO ABANDON WELL	

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

Well No. **9** is located **1900** ft. from **N** line and **1900** ft. from **E** line of sec. **12**
N 1/4 SE 1/4 Sec. 12 **18 S** **28 E** **MRM**
 (1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)
Artesia **Eddy** **New Mexico**
 (Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is **3622** ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Jan. 10, 1958 Started cleaning out with cable tools and cleaned out to 370 ft. and found stub of 8 5/8" csg. at approx. 350 ft., we then ran 350 ft. of 8 5/8" csg. with 10 3/4" swedge shoe over top of stub csg., and then ran swedge on tools and opened up the lower csg. stub on Jan. 16, 1958. We then cleaned out to 2525 ft. on Jan. 18, 1958. At this time the csg. stub shifted position down the hole and by Jan. 24, 1958, we were unable to run the tools back thru the csg. at 350 ft., and the well has been abandoned since Jan. 24, 1958, and we now ask permission to temporarily abandon for another 60 days.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

UNIT 1

UNIT 1: THE HISTORY OF THE UNITED STATES

The history of the United States is a complex and multifaceted story. It begins with the first inhabitants, the Native Americans, who lived in the land for thousands of years. The story continues with the arrival of European settlers, the struggle for independence, and the formation of the new nation. The history of the United States is a story of growth, change, and the pursuit of the American dream.

The early years of the United States were marked by a period of exploration and discovery. The first settlers, the Pilgrims, arrived in 1620 and established the Plymouth colony. They faced many hardships, but they persevered and built a successful community. The story of the Pilgrims is a testament to the strength of the human spirit and the power of faith.

The American Revolution was a turning point in the history of the United States. It was a struggle for independence from British rule, and it resulted in the birth of a new nation. The Revolution was a time of great sacrifice and heroism, and it paved the way for the development of the United States as we know it today.

The history of the United States is a story of progress and achievement. It is a story of the people who have shaped the nation, from the first settlers to the present day. The history of the United States is a story of hope and possibility, and it is a story that continues to inspire and motivate us today.
