9

Aug. 12 th. 1952

Notice of intention to do the work (was) ~~(was not)~~ submitted on Form C-102 on, 19.

(Cross out incorrect words)

and approval of the proposed plan (was) ~~(was not)~~ obtained.

XXX

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

We set a calseal bridge from 2183' to 2200' in the 8" hole. We then ran 2180' of 5 1/2" O.D. casing and cemented, using 100 sacks of mud and 200 sacks cement. After the cement set 72 hrs, we drilled the cement plug and bailed and cleaned the hole to 2525'. The well made 2 1/2 bbls. oil and no water. We then ran a Halliburton H.M. packer on 2" tubing and set it in the 5 1/2" pipe at 2160' with an anchor extending to 2500'. We then treated the pay section from 2505' to 2520' with 2250 gal. Hydrafrac. After the well set 24 hrs. we swabed it in thru the 2" tubing. The well is now making 10 Bbls. clean oil per 24 hrs. with no water showing. The gravity of the oil is 35.0 corrected.

Witnessed by: A.J. Smith (Name) Smith Drilling Co. (Company) Owner (Title)

Approved: OIL CONSERVATION COMMISSION

I hereby certify that the information given above is true and complete to the best of my knowledge.
