Gentlemen:

RE: Artesia Gas & Appliance Co.,
State No. 1, NW SE/4 of
Sec. 15-18S-28E, Artesia Pool
Eddy County, New Mexico

Form C-103, Report on Results of Plugging well, submitted to this office December 27, 1951 and approved December 31, 1951 by Mr. R. S. Blynn, Engineer for the Oil Conservation Commission, is hereby canceled.

On various trips through the field I find this well standing open and the slush pit not filled and location leveled off.

It will be necessary to file a new form C-103 at such time as we have evidence that this well has been properly plugged, slush pits filled and regulation dry hole marker set.

Very truly yours,

OIL CONSERVATION COMMISSION
