Mr. E. Jeffers
Burnham Oil Company
Box 65
Artesia, New Mexico

Dear Mr. Jeffers:

On October 4 this office approved your Form No. C-101, Notice of Intention to Drill, on Burnham Oil Company's #3 Vandeventer. The location of this well is 1650 feet from the South line and 1650 feet from the West line of Section 15, Township 18S, Range 28E.

Due to the fact that you have not yet started this well the commission is rescinding approval of this particular form. The reason that this form is not now approved is that the casing program is not adequate.

If you will come to my office I will discuss a reasonable casing program with you, or if you will make out a form with a casing program like the one you sent in on the Vandeventer #1 it will be approved immediately.

Very truly yours,

NEW MEXICO OIL CONSERVATION COMM.
