Dear Bill:

With regard to your surface casing as outlined on your Form C-101, Notice of Intention to Drill, for your Signal-State No. 1 in Section 16-18S-28E, Artesia Pool, it is my opinion that we should use 75 sacks of cement on the 500 feet (more or less) of 8 5/8" surface casing to assure complete coverage of both water zones, as in most cases the second water encountered in this area is very salty. Therefore, I have approved your Notice of Intention to Drill with this exception.

Yours very truly,

OIL CONSERVATION COMMISSION
