17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1703.

On 17 February 1966, the hole was filled with 150 sacks of cement from 2537 to approximately 1910. The 2" tubing was backed off at 1600 feet. The casing has not been pulled; but will be pulled when we are doing other work on the lease. It is requested that this well be carried as temporarily abandoned until such time as the casing is pulled and the well completely abandoned. Form C-103 was filed for plugging and abandonment; however it is now requested that the well be temporarily abandoned. When the casing is pulled, a report of P&A will be filed.
