

NEW MEXICO STATE LAND OFFICE
SANTA FE, NEW MEXICO
DEPARTMENT OF THE STATE GEOLOGIST
SANTA FE

NOTICE OF INTENTION TO ABANDON WELL

Notice must be given at least five days before work is to begin to the State Geologist or to the proper Oil and Gas Inspector. It is desirable that a representative of the Department of the State Geologist witness the plugging of wells being abandoned whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to the sender. Submit this notice in duplicate.

Artesia, N. M., N. Mex., Jan. 1, 1934

Mr. E. H. Wells
Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that it is our intention to abandon Cummins Well No. 2 in SE SW of Sec. 17 Twp. 18 S., Rge. 28 E., N. M. P. M., Artesia Oil Field, Eddy County. We plan to commence work on Immediately, 1934.

The reasons for wishing to abandon the well are as follows:

Well will only make about 1 bbls per day which is not commercial.

The present condition of the well is as follows:

6-5/8" pipe 2000'

DUPLICATE

The work which we propose to do in abandoning the well is as follows:

Fill hole with mud laden fluid to the bottom of the 6-5/8" pipe, then pull the pipe and fill the hole with mud laden fluid to about 1550' then put in about 5' of loose rock and then set five sacks of cement with dump bottom bailer, then fill the hole to 500' after pulling the pipe out, then put in three sacks of cement at this point to protect the surface water. Then fill the hole to the surface with mud laden fluid and set a piece of pipe and let it extend four feet above the ground as a permanent marker.

Sincerely yours,

Blanche Beyl by: H. T. Hellman purchasers
of: The Sunray Oil Co.

Company or Operator.

Approved 1-1-1934

Except as follows:
