

NEW MEXICO STATE LAND OFFICE  
SANTA FE, NEW MEXICO  
DEPARTMENT OF THE STATE GEOLOGIST  
SANTA FE

## NOTICE OF INTENTION TO ABANDON WELL

Notice must be given at least five days before work is to begin to the State Geologist or to the proper Oil and Gas Inspector. It is desirable that a representative of the Department of the State Geologist witness the plugging of wells being abandoned whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to the sender. Submit this notice in duplicate.

Artesia, N. Mex., Jan. 1, 1934

Mr. E. E. Wells,  
Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that it is our intention to abandon Cummins Well  
No. 3 in SE SW of Sec. 17, Twp. 18 S., Rge. 28 E.,  
N. M. P. M., Artesia Oil Field, Eddy County.  
We plan to commence work on Immediately, 1934.

The reasons for wishing to abandon the well are as follows:

**This well will only make about one-half of a barrel per day which is not Commercial.**

The present condition of the well is as follows:

6-5/8"	2000'.
10-1/4"	400'.

DUPLICATE

The work which we propose to do in abandoning the well is as follows:

**Fill hole with mud laden fluid to the bottom of the 6-5/8" pipe then pull the 6-5/8" pipe and fill the hole with mud laden fluid to about 1550'. Then put in about 5' of loose rock and set five sacks of cement with a dump bottom bailer, then fill the hole to 5008 and set three sacks of cement at this point to protect the surface water. Then pull the 10-1/4" pipe and fill the hole to the surface with mud laden fluid and set a piece of pipe and let it extend 4' above the surface as a regulation marker.**

Sincerely yours,

Approved 1-1- 1934

Except as follows:

Blanche Beyl by: H. T. Hellman purchasers  
of: The Sunray Oil Co.  
Company or Operator.

By H. T. Hellman  
Position Supt.
