Place

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico,

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as

Robert E. McKee

State

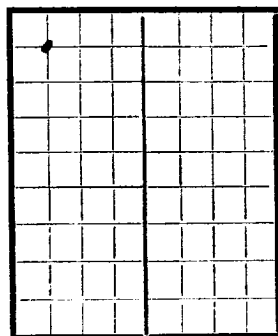

Well No. E-1

in NW/4 NW/4

Company or Operator

Lease

of Sec. 18, T. 18 S., R. 28 E., N. M., P. M., Artesia Field, Eddy County.

AREA 640 ACRES

LOCATE WELL CORRECTLY
depth.

The well is 660 feet (N.) (S.) of the North line and 722.7 feet (E.) (W.) of the West line of Section 18

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. E-1820 Assignment No.

If patented land the owner is

Address

If government land the permittee is

Address

The lessee is Robert E. McKee

Address Box 246, Artesia, New Mexico

We propose to drill well with drilling equipment as follows: Cable tools to total

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: Blanket Bond now on file.

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
12 1/2"	10"	40	new	250	landed	none
10-3/4"	8"	28	"	425 or sufficient depth to secure water shutoff	cemented	50 sacks

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 3000 feet.

Additional information: If complete water shutoff is secured where 8" is cemented and no further water encountered to total depth and well is a producer we wish to produce this well without a production string of pipe.

Approved JAN 9 1950, 19
except as follows:

Sincerely yours,

Robert E. McKee

Company or Operator
