Rodco Oil & Gas Company,
Box 36,
Artesia, N.M.

Gentlemen:

We have your requests for the plugging of McNutt-State Nos. 1, 2 & 5 in the Artesia Field for the reason they have quit producing oil or gas.

Please send us the logs on these wells in order that we may know what kind of plugging programs will be necessary, further in that you do not have a bond it will be necessary for one of our inspectors to be present at the time of plugging, and you will notify this office the exact time.

Very truly yours,

OIL CONSERVATION COMMISSION

By

Guy Shepard,
Oil & Gas Inspector,
