Re: Twin Lakes #3, SW SW
Section 28-18S-28E
Eddy County, New Mexico

Dear Sir:

You will need to install the dry hole marker, cut tie downs and remove the junk from the above described plugged and abandoned well before we can sign the plugging bond release.

This is the second letter concerning the above items, and we would like this taken care of as soon as possible.

Please notify this office when the location is ready for the final inspection.

Very truly yours,

OIL CONSERVATION COMMISSION
