Re: Twin Lakes No. 7 & 3  
SW SW Sec. 28-18S-28E  
Eddy County, New Mexico

Dear Mr. Kersey:

A field check of the two above described plugged and abandoned wells showed that both locations still require dry hole markers, and the removal of tie downs and junk before C-103's can be signed. In going through the files it was noted that you have re-entered these wells without an approved permit from this office.

Very truly yours,

OIL CONSERVATION COMMISSION

Howard E. Lobley  
Oil & Gas Inspector
