Eddy County, New Mexico

Gentlemen:

During a field inspection of the Artesia Pool April 14, 1967, it was noted that the subject well was flowing water from the well head into an unfenced pit. The well has been temporarily abandoned since February 1, 1963. Because of the condition of the well, it may no longer be carried as temporarily abandoned. Steps should be taken immediately to plug the well or return it to production.

If there are any questions concerning this matter, do not hesitate to call upon me.

Very truly yours,

OIL CONSERVATION COMMISSION
