Re: Toomey Allen #3 J-28-18-28

Mr. Berry,

A recent Mechanical Integrity Test survey showed the subject well converted to a producing well. Our records still show this to be an injection well.

Please find attached the last report in our well file which shows an intent to perform remedial work, dated 6/15/84.

- Please submit a subsequent report at your earliest convenience.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Mike Williams".

Mike Williams
Oil & Gas Inspector
