1. (For the first report of Subsequent Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well has 7" casing, set at 1900 with 100 sacks cement. We propose to clean out to T. D. with Reverse Unit. Frac open hole - also consider perforating Loco Hills zone. Put well back on production.

I hereby certify that the information above is true and accurate to the best of my knowledge and belief.
