Dear Bill:

Attached is a copy of a report that was sent to the Graridge Breckenridge office at the time the 2 7/8" tubing was run in Resler Yates State No. 58.

We will either cut off or run a string shot to back off this tubing that will permit us to place a 25 sack cement plug at 1500' when we plug the well.

Very truly yours,

*Cliff Chapman*
