Dear Mr. Kersey:

Although your Yates # 6 in the Artesia pool has not been assigned an allowable it is being listed each month on your form C-115 showing an allowable and production. It is our understanding that this well has been plugged and abandoned.

Please check into this matter and advise.

In making up the C-115's each month the allowables shown thereon should be taken directly from the proration schedule and no well should be listed on form C-115 that is not on the proration schedule.

Yours very truly,

OIL CONSERVATION COMMISSION
