RE: Cheesman # 2 B-34-18-28 30-015-02167

Dear Madam:

An inspection of our records show the Cheesman # 2 to be in violation of Rule 201, inactive well. A form C-103 must be filed in this office on or before 31 January, 2002 outlining how the well will be brought into compliance. To bring the well into compliance you have 3 options:

1. Put the well into production.
2. T.A. the well.
3. P. A. the well.

In the event that a satisfactory response to this letter of direction is not received by the date stated further enforcement would occur. Such enforcement may include this office applying to the Division for an order showing cause why an appropriate Order permanently abandoning the above-referenced well(s) and for appropriate penalties to be issued.

Sincerely,

Van Barton
Field Rep. II
