OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico,

Place

Date

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as

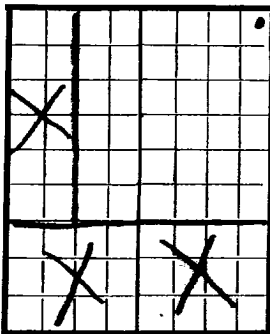

Carper, McGonnagill, State # 1

Well No. 1 in NE, NE 1/4

Company or Operator

Lease

of Sec. 4, T. 18, R. 28, N. M., P. M., Artesia Field, Eddy County.

AREA 640 ACRES

LOCATE WELL CORRECTLY

The well is ~~2250~~ feet (N.) (E.) of the North line and 330 feet E, line (E.) (W.) of the line of center of 40 previously approved by State. (Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. 2029-17 Assignment No.

If patented land the owner is

Address

If government land the permittee is

Address

The lessee is State lease assigned to Alex Mc Gonnagill

Address P.O. Box 276, Artesia, New Mexico

We propose to drill well with drilling equipment as follows: Star machine

to deepen the well previously drilled to 2250 feet

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows:

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
6"	8 7/8" O.D.		new	1940 2250	cemented landed	25-
The above is description of the well drilled in 1943. Materials to deepen the well will depend on formations encountered below present depth.						

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 2800 feet.

Additional information:

Approved _____, 19____
except as follows:

Sincerely yours,

Alex Mc Gonnagill
Company or Operator
