**Re: Salt State B-2828
Well No. 3-A, 5-18-58,
Artesia Pool**

Gentlemen:

On May 3, 1965, this office received Form C-104 which showed the subject well to be temporarily abandoned. We have now received Form C-115, Operators Monthly Report, for June, 1965, which shows the well to be producing.

Please check your records and if the subject well is producing, file a corrected Form C-104 showing the transportation. If the well is not being produced, Form C-115 should be revised.

Very truly yours,

Oil Conservation Commission

R. L. Stanette
