Re: Texaco State Co. 1
Unit 1, 7-183-28
Eddy County, New Mexico

Dear Sir:

Mr. Lobley inspected the above location and found that there is still a considerable amount of junk that needs to be cleaned up and also some tie downs to be cut or pulled.

Please notify this office when this has been done, so that the field inspection can be made and the plugging report signed.

Very truly yours,

OIL CONSERVATION DISTRICT
