New Mexico Oil Conservation Commission  
District Office  
Artesia, New Mexico

Gentlemen:

Enclosed you will find Form C-104 covering Allen & Fair Operating, Inc.'s State "C" #1 well. This well was completed in 1941, but because of high gas-oil ratio, it was shut in. Later we used this well for a gas injection well. We have now cleaned out this old hole to T.D. and fractured which has resulted in production of about 12 barrels per day.

I talked with Mr. Porter yesterday and he advised that this Form C-104 is all that would be required to get an allowable assigned.

Yours very truly,  
ALLEN & FAIR OPERATING, INC.
