Re: L-6 058579

Dear Sir:

Receipt is acknowledged of your "Notice of Intention to Drill" dated February 15, 1947, covering your No. 4 Miller well on the subject land in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, section 6, T. 18N., R. 29E., Lee Hills Field, Eddy County, New Mexico.

Your proposed work is hereby approved subject to compliance with the provisions of the "Oil and Gas Operating Regulations" revised May 25, 1942, a copy of which will be sent you on request, and subject to the following conditions:

1. Drilling operations so authorized are subject to the attached sheet for general conditions of approval.
2. Furnish an electric log from the shoe of the 7" casing to the total depth or a percentage sample log by a competent geologist from the base of the salt to the total depth.

Yours very truly

FRANK W. STALL
Acting District Engineer

Well No. **4** is located **2313** ft. from **N** line and **1651** ft. from **E** line of sec. **6**

SE-NE **6** **18S** **29E** **N.M.P.M.**

Leon Hills **Midy** **New Mex**

The elevation of the derrick floor above sea level is _____ ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show plans, weights, and lengths of proposed casings; indicate monitoring line points, and all other important proposed work)

Well will be drilled with cable tools; set 8 5/8 pipe at the top of the salt about 330 feet cemented with 50 sacks of cement preceded with mud circulated to the surface.

Set 7" pipe for oil string about 2600 feet cemented with 100 sacks of cement preceded by mud.

The well is to be drilled approximately 2700 feet.

ILLEGIBLE

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
