Re: Producing/Selling  
Without Allowable

Gentlemen:

The following well is shown on the computer sheet from Santa Fe,  
as producing without an allowable.

Also, you show it on your C-115, Operator's Monthly Report, as  
producing, and as being picked up by your transporter.

Langford #1-M-9-18-29

We do not show this well as producing in the Proration Schedule.

If it has been shut-in, and is now producing, we need a C-103 show-  
ing what has been done to put it back into production.

Also, a C-104 requesting an allowable for this well, is necessary.

Very truly yours,
