17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

4-19-78 -- A leak has developed from the tubing head. We have shut this well in and request permission to flow this water into pit at the location until the source of the leak is determined. The fluid will be hauled from this pit to our injection plant. Preliminary tests indicate it is not a tubing leak.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
