time it was completed as a gas well. The Valley Gas Corporation will pick up the gas that this well makes and return it to the plant for processing and this gas in turn will be pumped back into the various input wells.

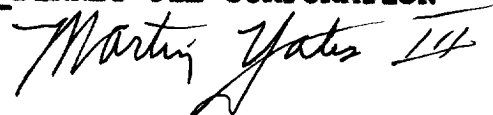

I went by to check with Mr. Bob Hanson, regarding this matter, and he was out of town. I will check with him when he returns.

Please let me hear from you as soon as it is convenient, relative to your opinion regarding this matter.

Very truly yours,
