

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

DUPLICATE

MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL	X	REPORT ON PULLING OR OTHERWISE ALTERING CASING
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL
REPORT ON RESULT OF PLUGGING OF WELL

Title

The first part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting system in providing reliable financial information.

It is essential for the company to ensure that all financial data is recorded correctly and that the accounting system is properly maintained. This includes regular audits and the use of reliable accounting software.

The second part of the document outlines the various methods used to collect and analyze financial data, including the use of spreadsheets and statistical analysis.

These methods are used to identify trends and patterns in the data, which can then be used to make informed decisions about the company's financial future.

The third part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting system in providing reliable financial information.

It is essential for the company to ensure that all financial data is recorded correctly and that the accounting system is properly maintained. This includes regular audits and the use of reliable accounting software.

The fourth part of the document outlines the various methods used to collect and analyze financial data, including the use of spreadsheets and statistical analysis.

These methods are used to identify trends and patterns in the data, which can then be used to make informed decisions about the company's financial future.

The fifth part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting system in providing reliable financial information.

It is essential for the company to ensure that all financial data is recorded correctly and that the accounting system is properly maintained. This includes regular audits and the use of reliable accounting software.

The sixth part of the document outlines the various methods used to collect and analyze financial data, including the use of spreadsheets and statistical analysis.

These methods are used to identify trends and patterns in the data, which can then be used to make informed decisions about the company's financial future.
