Re: Loco Hills - Travis Federal

Dear Mr. Gressett:

This will acknowledge receipt of your letter dated July 18, 1973, calling our attention to over-production on the above named lease.

Please be advised that on June 15, 1973, we sent in Form C-127 - Request For An Increase In Allowable - on this same well that you state is over-produced. It is currently on a one (1) barrel a day allowable, and we have requested an increase to three (3) barrels a day, which, if granted, would take care of this over-production you mention in your letter.

To date we have not received this request for increase, but I am enclosing a Xerox copy of the Form C-127 mailed to your offices back on June 15th.

Further, I might add that this lease has been put in the Anadarko Ballard Grayburg San Andres Waterflood Unit effective July 1, 1973.

We trust this information will suffice.

Yours truly,

Jack M. Myers
