(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Yates Petroleum Corporation is submitting application for produced water from the above well pursuant to NTL-2B, Section II, and requests your approval. The well produces approximately 1 bbls of water per day from the Loco Hills Queen Grayburg formation. The water is stored in a 210 stock tank and transported by I & W Water Services to the Yates' Walter Solt State #1 SWD Gathering System.

A water analysis is attached.
