ARTESIA, OFFICE

Dear Mr. Gressett:

We have received your letter of April 3, 1967 requesting Form C-104 to be filed for the Lucia Brookes Number 1 N, 14-18S-30E, which would show a change in transporter from the McWood Corporation to the Permian Corporation. It was our understanding that the Permian Corporation would take care of filing this form, and I am directing a copy of this letter to them with the request that they file this form if possible. In the event that the Permian Corporation is not the proper party to file this form, please send me a copy of form C-104 and I will see that it is completed in accordance with the instructions. Thank you for your help in this matter.

Very truly yours,

Jack D. Knox
