ARTESIA, OFFICE

Mr. M. L. Armstrong  
New Mexico Oil Commission  
Artesia, New Mexico

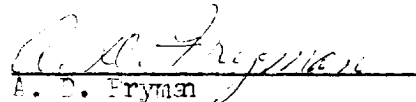

Dear Sir:

Confirming our telephone conversation of September 4, 1961. We sold Reading & Bates Oil Company three hundred forty (340) barrels of refined frac oil to use as frac oil on their Jones # 1.

We had used this oil to frac our Lanning Federal # 1. It was transferred from the Lanning Federal # 1 in Section 25, Township 18 South, Range 30 East to Reading & Bates Jones # 1 in Section 34, Township 18 South, Range 30 East. Steve Carder and Sons were used to transfer this oil.

If you require anymore forms or paper work on this matter please let us know.

Sincerely,

  
A. D. Fryman
