Gentlemen:

An Application For Permit To Re-enter Skelly Oil Company's Lynch "B" Well No. 1, 1980' FNL and 660' FEL of Section 27-17S-31E, was submitted September 27, 1972 and approved by Mr. H. L. Beekman September 29, 1972. At that time the re-entry was designated as Skelly Unit Well No. 115. This work was not done and the permit expired December 29, 1972.

We now propose to drill Well No. 115 at an unorthodox location 2630' FNL and 1330' FWL of Section 22-17S-31E, Eddy County, New Mexico. The New Mexico Oil Conservation Commission hearing, Case 5137, regarding the unorthodox location, was held January 3, 1974. The order is still pending. We do have verbal permission from Mr. D. S. Nutter to proceed, as far as the New Mexico Oil Conservation Commission is concerned.

We trust that this application meets with your approval.

Very truly yours,

J. R. Avent
