17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The above well was abandoned during the month of January, 1971. The well was abandoned because it was uneconomical to produce. Will hold this well for possible use or replacement well in shallower Friess-Fren or Turner "B" waterflood. Date of action is undeterminate and time used will be dependent on other wells condition in waterflood.
