Mr. Roy Yarbrough  
Oil and Gas Inspector  
Box 1545  
Hobbs, New Mexico

Dear Mr. Yarbrough:

I am the holder of the lease upon which the Farmer and Tallmadge-Hubble #1 well was drilled in the NE $\frac{1}{4}$  SW $\frac{1}{4}$  Section 4, Township 18 South, Range 25 East, N.M.P.M., which well was drilled to a depth of 1050 feet and I understand is to be plugged and abandoned.

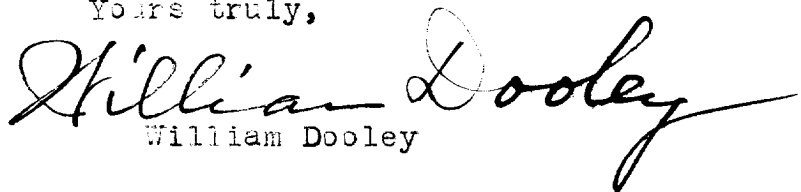

Will you kindly advise me whether or not Farmer and Tallmadge have secured from your Department, approval of plugging plans on said well?

Also, have Farmer and Tallmadge filed well record with your office in accordance with Rule 32 of General Rules and Regulations?

What are the general plugging requirements on the abandonment of such a well as the Hubble #1?

Thanking you in advance for above information, I am,

Yours truly,

  
William Dooley

In re: Farmer & Tallmadge-Hubble #1  
4-18-25 Eddy County

Dear Mr. Dooley:

This will acknowledge receipt of your letter of September 12, 1939, in regard to Hubble well number one (1) on section 4-18-25, Eddy county, belonging to Farmer and Tallmadge.

I would advise that the only record we have of this well is the Notice of Intention to Drill, approved December 15, 1938 by the Commission.

We do not have any log of this well, and permission will not be granted to plug until such has been furnished the Oil Conservation Commission.

Very truly yours,

Roy O. Yarbrough  
Oil and Gas Inspector  
Oil Conservation Commission
