Mr. Guy Shepard  
Oil & Gas Inspector  
Hobbs, New Mexico

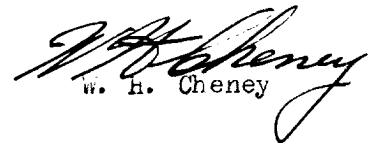

Dear Guy;

Enclosed herewith please find correspondence and logs relative to the plugging of three wells on the property of the Natman Development Company in the Artesia Field.

After contacting Mr. McCutcheon, field Superintendent for the above company, I find that the wells are already plugged under permission granted the Natman Development Company before it became the Rudco Oil and Gas Company. This change took place on July first of this year. Without knowing that permission had been granted the Natman Company, Mr. McCutcheon made application under the name of the Rudco Company which are really one of the same.

Hoping that this will clear this situation, I remain,

Yours truly,

  
W. H. Cheney
