16. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

We used cable tool & cleaned out to 1120'. We placed a cable seal plug on top of the old plug at 1118'. We bailed two to three barrels oil per day and no water.

After putting back on pump we were not able to produce as the pump stopped up.

We are presently trying to flow the well
