February 15, 1926

Following is a notice of intention to do work on land under permit described as follows:

NEW MEXICO Edw Artesia
(County or Territory) (County or Subdivision) (Field)

36-16 Sec. 12 18S. 27E. N. M. P. M.
(1/4 Sec.) (Twp.) (Range) (Meridian)

The well is located 200 ft. [N] of S line and 200 ft. [E] of E line of Section 12

The elevation of the gumch face above sea level is 3616 ft.

Details of Plan of Work:

Expect to drill to 2000 feet, unless oil is found at lesser

Expect to set 200 feet of 10 inch casing.

Expect to set 400 feet of 8 1/2 inch casing, to shut off water.

Expect to set 6 5/8 inch casing on sand.

This report has been delayed on account of being mislaid in our

files. The report was submitted after the well was actually completed, the Office has been advised by J.E. Miller, District Engineer, Roswell, New Mexico that casing had been set and was about the producing oil sand in this well according to instructions issued by the Commissioner. A revised log of the well showing data previously requested, accompanied by Miller's signature, the report of the drilling and completion of the well is
