Well No. 1 is located 1650 ft. from ^N_S line and 990 ft. from ^E_W line of sec. 7

NE 25 Sec. 7 18 S 30 E R M P M

(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)

Union. loco Mills Lady New Mexico

(Field) (County or Subdivision) (State or Territory)

The elevation of the ~~surface~~ ^{GL} above sea level is 3523 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

We ran 450 feet of 2 5/8" casing in this well and cemented with 50 sacks of cement. After waiting for the cement to set we drilled the plug and tests showed complete water shutoff. Drilling was continued.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
