OIL STORAGE FACILITIES
ANNIE E. WALDROP WELL #1
ARTESIA (SAN ANTONIO) FIELD

New Mexico Oil Conservation Commission
P. O. Drawer ED
Artesia, New Mexico

Attention: Mr. M. L. Armstrong

Gentlemen:

Standard Oil Company of Texas, A Division of California Oil Company, desires to apply for approval of off-lease storage under New Mexico Oil Conservation Commission Rule 309-C, for oil produced from Annie E. Waldrop Well No. 1, located 990' FSL, 1650' FWL, Unit W, Section 13, T-18S, R-2E, Atoka (San Antonio) Pool, Elly County, New Mexico.

The proposed storage facilities for the above well will be located on the McEath-Vandagriff Unit lease. Two 210 barrel tanks will be added to the McEath-Vandagriff Battery to store the oil from subject well. The production facilities and storage for the leases will be separated such that commingling will not occur, and there will be no intercommunication of the handling, separating, treating or storage facilities designated to each lease.

Please find attached a plat of the lease showing thereon the wells on the leases and the location of the tank battery.

Your consideration of this proposal will be appreciated and will facilitate operations in the area.

Yours very truly,

S. J. Macheo, Jr.
District Superintendent

OIL STORAGE FACILITIES
ANNIE E. WALDROP WELL #1
ATOKA (SAN ANDRES) FIELD

New Mexico Oil Conservation Commission
P. O. Drawer 10
Artesia, New Mexico

Attention: Mr. H. L. Armstrong

Gentlemen:

Standard Oil Company of Texas, A Division of California Oil Company, desires to apply for approval of off-lease storage under New Mexico Oil Conservation Commission Rule 309-C, for oil produced from Annie E. Waldrop Well No. 1, located 990' ECL, 1658' ECL, Unit H, Section 13, T-18S, R-12E, Atoka (San Andres) Pool, Elbert County, New Mexico.

The proposed storage facilities for the above well will be located on the McComb-Vandegriff Unit lease. Two 210 barrel tanks will be added to the McComb-Vandegriff Battery to store the oil from subject well. The production facilities and storage for the leases will be separated such that commingling will not occur, and there will be no intercommingling of the handling, separating, treating or storage facilities designated to each lease.

Please find attached a plat of the lease showing thereon the wells on the leases and the location of the tank battery.

Your consideration of this proposal will be appreciated and will facilitate operations in the area.

Yours very truly,

G. J. Matthews, Jr.
District Superintendent
