Attention: Mr. M. L. Armstrong

Gentlemen:

Standard Oil Company of Texas, A Division of California Oil Company, desires to apply for approval of off-lease storage under New Mexico Oil Conservation Commission Rule 309-B, for oil produced from M. L. Higgins Unit 3 Well No. 1 located 1821' SW, 2310' NW, Unit 3, Section 12, T-12N, R-20E, Archa (San Antonio) Field, Borden County, New Mexico.

The proposed storage facilities for the above well will be on the S. E. Vinther Lease, M. L. Higgins Property. An additional 900 barrel tank will be added to the M. L. Higgins Property to store the oil from subject well. The production facilities and storage for the leases will be separated such that commingling will not occur, and there will be no intercommingling of the handling, separating, treating or storage facilities designated to each lease.

Please find attached waiver signed by the other owner that we are in partnership with on subject lease. Also attached is a plat of the lease showing thereon the wells on the lease and the location of the tank battery.

Your consideration of this proposal will be appreciated and will facilitate operations in the area.

Yours very truly,

S. G. Matthews, Jr.

WAIVER OF OBJECTIONS BY INTERESTED
PARTY TO OFF LEASE STORAGE OF OIL
PRODUCTION

This is to state that the undersigned has been advised of the proposal by Standard Oil Company of Texas, A Division of California Oil Company, for off lease storage of produced oil from their M. L. Higgins Unit 3 Well No. 1, Atoka (San Andres) Pool. The subject well is located 1821' FSL, 2310' FSL; Unit J, Section 12; T-18S, R-26E; Atoka (San Andres) Pool; Eddy County, New Mexico.

It is understood oil produced from the M. L. Higgins Unit 3 well No. 1 will be stored in facilities, M. L. Higgins Battery, located on the S. H. Vinther Lease, Section 12, T-18S, R-26E, Atoka Field, Eddy County, New Mexico. A new 500 barrel tank will be installed and no commingling of produced fluids from this and other leases will result.

The undersigned waives any objection to the carrying out of such storage practices as stated above.
