Drawer DD  
Artesia, New Mexico

Gentlemen:

Enclosed please find corrected State Form, "Notice of Intention to Drill." The original request, dated August 8, 1963, was all right insofar as location except for the range, which is actually 31 East. The range was incorrectly stated as 32 East; therefore, the original form was misdirected to your Hobbs Office. These people approved the permit to drill, thinking the well was located in Lea County. Since this is not the case, we hereby submit a corrected request to your office and would entertain your approval of same at an early date, since we have already begun drilling operations at this location. Should there be any complication insofar as this operation is concerned, please advise as soon as possible.

Respectfully submitted,

B. I. Miller
