Re: GOR Test, Featherstone Trust No. 1  
CHAD Federal, Section 27-18-30,  
North Benson-Queen Grayburg Field,  
Eddy County

Dear Sir:

Your letter of January 1, 1965 cancels the allowable for the above well, effective January 1, 1965, for failure to file form C-116, GOR Test Report.

We wish to thank you for this reminder and to advise that the required GOR test has been conducted, but the information resulting therefrom has not been forwarded to this office by our field personnel for calculation and filing.

A full schedule of year-end activities by field personnel and personnel of this office may explain the delay in processing the GOR test report for this well; however, this situation will be corrected and the required form C-116 should be in your hands within the next few days.

Thank you again for your consideration and every effort will be made by this office to avoid similar situations in the future.

Very truly yours,

CLEN F. FEATHERSTONE II TRUST

  
Rex Alcorn  
Geologist
