I am aware of your concern regarding the present status of this well. On February 25, 1975 I wrote my Houston office and suggested we temporarily plug this well until we are ready to flood the off-setting Cawtown Unit. I would estimate that we are probably two years away from water-flooding this area.

I apologize for our slowness in dealing with this situation; I will continue to pursue this matter and hope to have a suitable solution regarding this uncased well in the near future.

Sincerely,

Jerry E. Buckles
