17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1708.

Plan to plug back to 4750' with an Otis Type WA and TB Permanent Packer.

Tested well on pump and produced about 5 barrels of oil per day. Pulled pump and swabbed 10 bbls per day, but production decreased during the swab test. Also logs 4790-4935

It has been decided to temporary abandon the Abo section of this well at this time, by inserting an Otis J- slot retrievable sealing plug.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
