

1-19-68

Mr. Gressett,

Sorry to be late with these -
Couldnt get any of the men out
of the field long enough to get
the information -

W E K Drilling failed to record
One of the TOTCO readings on
our report & I have written for
it - I'll send the Deviation Survey
on the Vandeventer #2 as soon
as I receive the information.

P.S. As soon as
we start injection
on these wells,
I'll try to get the
reports in immediately.

Jo Ann
