OTHER Convert to Producer			

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

(R 4559)

Plan to convert well from injection to producer. Will run $4\frac{1}{2}$ compression packer on 2 3/8 EVE tubing and seperate each zone and test to determine which zone oil production is coming from. Plan to produce only the zone which is giving up oil by means of straddle packer. We will flow if possible and pump if necessary.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
