County, New Mexico

Dear Mr. Brown:

We are in receipt of Form C-109, Application for Discovery Allowable, for the subject well. Before the application may be processed, all applicable forms, maps, etc. required by items 1 through 5, paragraph 5, Rule 509, Commission Rules and Regulations, must be filed. A copy of this section of the rule is enclosed for your convenience.

Further, the well is currently a marginal producer. If it should remain marginal for a period of about two years, no benefit would be realized from the assignment of a discovery allowable.

If there are any questions on this matter, please do not hesitate to call me.

Very truly yours,
OIL CONSERVATION COMMISSION
