Re: Anderson State Well No. 1-G,
14-18-24, Eddy County,
New Mexico

Gentlemen:

On November 5, 1968, an inspection was made of the site of the subject plugged well. This inspection revealed that before the plugging report may be approved, the cellar must be filled and the pits completely levelled.

When this work has been completed, please notify this office and we shall reinspect the location.

Very truly yours,

OIL CONSERVATION COMMISSION
